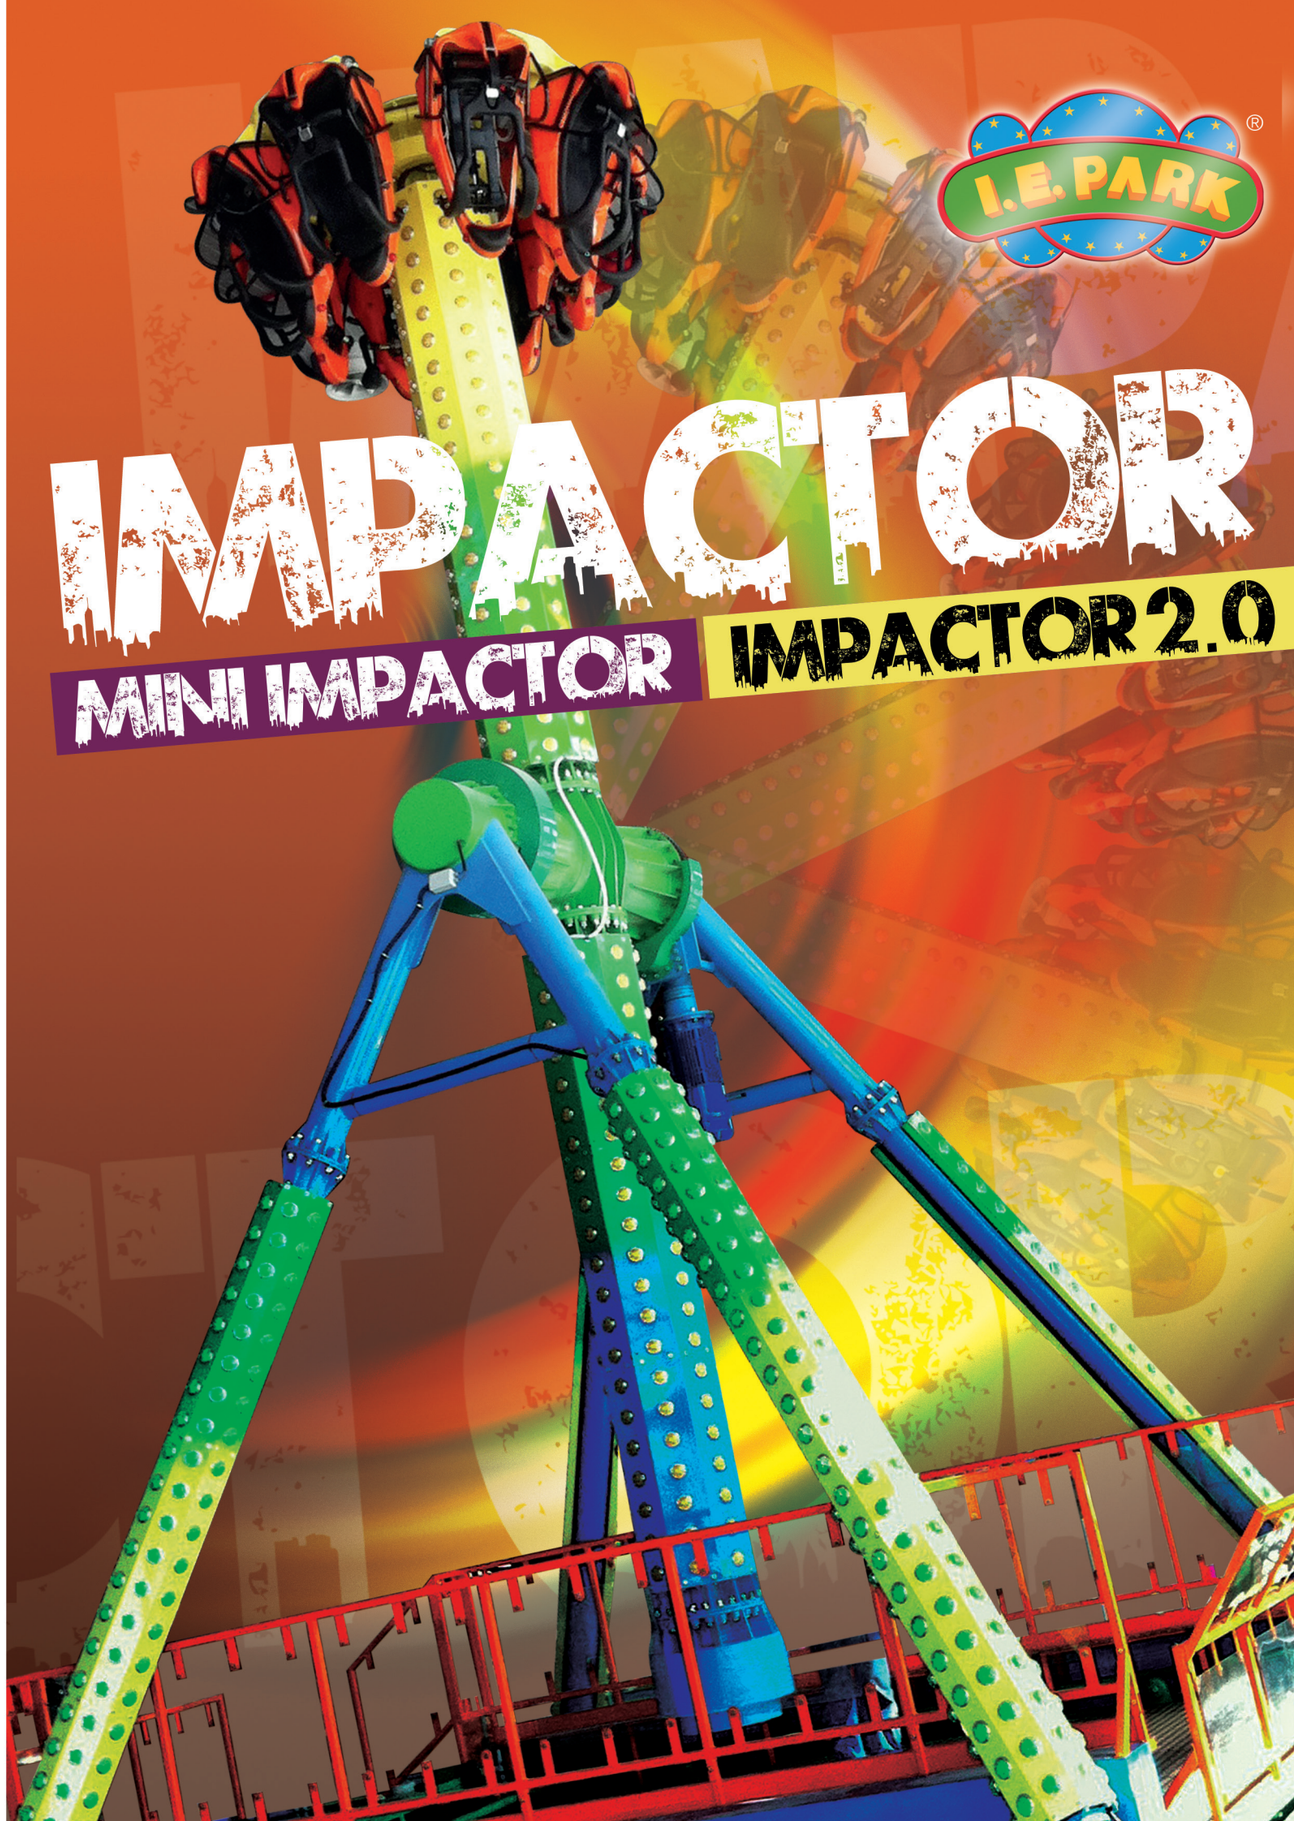
facebook MI PIACE

made in Italy



The **IMPACTOR** ride, is an hi thrill amusement ride consisting of a suspended passengers satellite capable of 6-8-10-12 seats (depending on model) which rotate on a central axle through an electromechanical transmission, and at the same time swings on a perpendicular axle (the swinging is programmable from 120 degree or 360 degree depending on the version).
The guests are fastened to the seats though shoulder harness device for the passengers comfort and safety.
The combination of the two motions (swing and rotation) create an adrenalinic fun for all passengers.
(passengers have certain restictionof height and size).

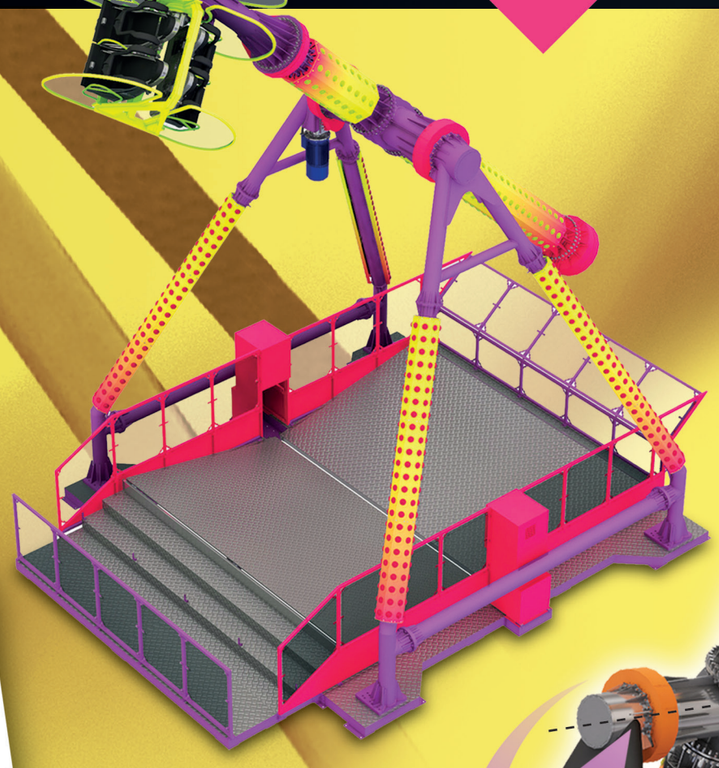
MINI IMPACTOR 360° 2 revolutions

MINI IMPACTOR 120° 2 revolutions

In ward seats version

IMPACTOR 2.0

3 revolutions - 8 seats



NEW PRODUCT

The Impactor 2.0 has one more rotation than the Impactor and MiniImpactor ride, with the results that passengers can reach any point of the rotation facedown, with amazing vertical acceleration. Moreover all the cycle will be more adrenalinic, just for brave people.
