SNOW PARK

OUTDOOR PARK *projects*

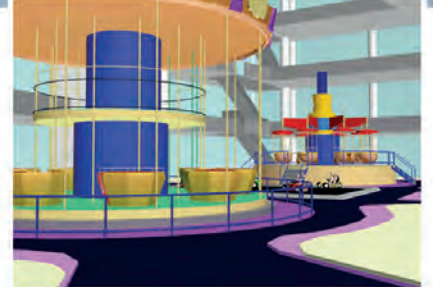

This is an example of LARGE OUTDOOR AMUSEMENT PARK project covering an area of 187.000 SQM.
The theme park includes 5 different themed areas, theatres, restaurants and lots of green areas.
There is also a shopping district right in front of the park entrance and parking areas.
The above renderings are highlighting the signature rides only.
The complete park includes more than 30 different amusement rides.

INDOOR PARK *projects*

IE PARK can provide for your FEC a variety of services: from a simple masterplan to detailed architectural design services in order to create the desired theme that you are planning to have. All the services are complementary to the manufacturing and supply of amusement rides and performed by professional team of designer and architects.
